

## **SECONDOPINIONS.COM® Founder & CEO Featured on BECON TV**

*Fort Lauderdale, FL. (PRWEB) July 15, 2014*

USARAD Holdings Inc., a leading U.S. Joint Commission Accredited teleradiology and telemedicine solutions provider and SecondOpinions.com®, the companies consumer division are in the spotlight once again. Throughout the month of July, double board certified radiologist Michael Yuz, MD, MBA, Founder & CEO of SecondOpinions.com® will be featured on a cutting-edge medicine and science show airing on BECON Television (WBEC-TV).

The show, titled "C.U.R.E. Symposium", is hosted by Anita Finley who speaks with Dr. Yuz as well as other leading South Florida doctors and medical experts to discuss the latest innovations and technologies in medical research, medicine and science.

You can see Dr. Yuz on the show which airs locally in South Florida every Saturday and Sunday throughout July from 9am-10am EST on BECON TV (WBEC-TV) on channel 63 on AT&T U-verse, DIRECTV and DISH, and channel 19 on Comcast.

SecondOpinions.com® provides customers with expert medical opinions from specialists and subspecialists. Patients simply upload digital images (MRI, CT etc.) to a secure, confidential platform and reports are received within as quickly as an hour. Doctors in every medical specialty are available to provide consultations via phone or video chat.

Preventable medical errors kill and seriously injure hundreds of thousands of Americans every year. It was widely reported this year that medical errors are now considered to be the third leading cause of death with up to 400,000 patients dying every year as a result. According to a recent study conducted by the National Practitioner Data Bank that examined 25 years of malpractice payments, diagnostic errors are in fact the leading cause of death due to medical errors. In addition, the annual cost of unnecessary medical procedures is estimated at over \$100 billion per year.

SecondOpinions.com® service is an important tool in preventing medical errors and eliminating unnecessary procedures and surgeries. As a result we help lower health care costs, reduce insurance premiums and protect the health and well-being of patients.
