eXpert Online Radiology Interpretations and Second Opinions

GET A SECOND OPINION, GET A PIECE OF MIND

- Service is available for patients, physicians, radiology practices, clinics, attorneys, insurance companies and other professionals.
- eXpress service with reports available in 30 min after the images are successfully uploaded or received.
- eXperienced US board certified and fellowship trained radiologists trained at world-renown institutions such as NYU, Columbia, Jefferson will interpret your studies.
- eXtra affordable prices. As low as \$29 per report and you will only be charged when we successfully receive the images.
- eXtreme security. We protect your data utilizing latest encrypted technology.

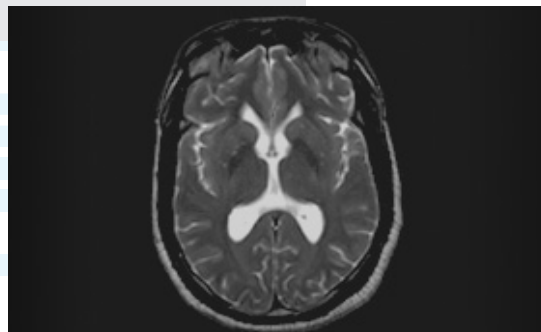

Utilizing our proprietary RADIOLOGY-ON-DEMAND™ patent-pending cloud technology we've made it possible to receive an eXpert radiology-on-demand™ interpretation or second opinion in the privacy of your home or office. You, your physician or imaging facility can upload images online instantaneously or the images could be shipped to us on the disk or as hard copies. Have XMRI.COM eXpert radiologist interpret your MRI, CT, X-ray, Mammogram, Ultrasound, or Nuclear Medicine study. Get a peace-of-mind you need and deserve.

* US Patent Pending 61/551,473 "Method and apparatus for providing radiological second opinions" service, reports available in any language.
